●●● 5-minute walk from central railway station /north exit

By train

It is only a 5 minutes walk from the central railway station “Frankfurt Hauptbahnhof” to the VCI building:

From the main concourse, leave the station through the north exit (Nordausgang), cross the street there, keep right for 50 metres onto Düsseldorfer Straße. Keep left and follow Düsseldorfer Straße for 200 metres. Then turn right and follow Mainzer Landstraße for 200 metres in the direction of the city centre.

By airplane

By S-Bahn (regional train) from the airport:

There are two train stations at Frankfurt Airport: From the regional train station (underground beneath Terminal 1) take S-Bahn lines **S8** or **S9** from platform 1 or 2 (direction Frankfurt Hauptbahnhof or Offenbach or Hanau); choose the stop “Frankfurt Hauptbahnhof” or “Taunusanlage”. Trains depart every 15 minutes.

Buy tickets from the ticket machines, enter fare zone/destination 5000. This is the fastest and least costly way.

Furthermore there are connections with Deutsche Bahn (DB) from the airport station for long-distance trains (in the AIRail Terminal right next to terminal 1) to Frankfurt Central railway station.

A taxi from the airport to the VCI building costs 30 - 35 EUR. The ride takes 30 – 40 minutes.
